

# KaosPilots Team 13

# Week 04

## euroGel 2007

**Learning Goal**                      The goal for the week is for the students to continue the work with the conference euroGel2007 – and to produce a up-dated project proposal incl. activities, organization, timeline, stakeholders and budget.

By the end of the week Team13 will be working together with Team11 and Team12 – with the focus on knowledge sharing from World internships and how to share knowledge between the teams in the future.

**Teachers**                              Peter MacLeod ([www.theplanningdesk.com](http://www.theplanningdesk.com))  
Kasper Arentoft

**Litterature**

**Hosts**                                    Daniel, Camilla and Gregers

---
